

Baja Hemp Co Isodiol PRICE LIST

This is where it all began. ISO99™ BIOACTIVE ANHYDROUS HEMP OIL™ was the original and is still the purest, most bioactive hemp derivative of its kind.

This 99+% pure compound can be added to foods, beverages, nutritional supplements, topicals, and even cosmetics.

ISO99™ is an Approved Pharmaceutical Ingredient (API) in select markets across the globe.

(Most people cannot afford this however we put this on to show people how expensive it is to make CBD)

Pure Ratios introduces a new kind of patented sustained-release delivery Lozenges that rewrites how cannabis-based compounds will be administered more efficiently by mouth. The small soft lozenge is designed to slowly dissolve in the mouth (about 30 to 45 minutes). During that time the lozenge continuously delivers a steady stream of cannabinoids to the oral mucosa. The following dosages and ratios are available: CBD 50mg & 100mg

- Patented sustained release delivery system
- Slow release buccal/sublingual delivery
- Allows for more efficient absorption into the bloodstream
- Allows for rapid onset compared to conventional edibles or tinctures by bypassing the digestive track
- Changes the pH in the mouth to eliminate plaque, bacteria, and bad breath
- Sugar-free / no calories
- Formulated to help with dry mouth and combat bad breath
